

## **Are You Struggling With Addiction?**

**Recover Your Life.**

**We Know Every Day Counts.**

West Central Behavioral Health is a nonprofit behavioral health center that has been helping people with substance use disorders and addiction since 1977. Our substance use clinic in Claremont will help you through these difficult times, understanding the many stresses COVID-19 and our lives place upon us.

**We offer in-person outpatient treatment and counseling, and telehealth sessions on a video-conferencing platform that's safe, private, and HIPAA compliant.**

### **Our services include:**

- Compassionate treatment for adults (18+) struggling with alcohol, opioid, cannabis, cocaine, amphetamine and other substances
- Medication-Assisted Treatment using suboxone and therapy in an individualized setting if you struggle with opioid addiction
- Individual & Group Therapy
- Medication Management
- Relapse Prevention
- Case Management
- Treatment for Co-occurring Mental Health Issues

We accept Medicaid, Medicare, and most major medical insurances.
