

FOR OUR UNINSURED CLIENTS

West Central Behavioral Health is committed to providing financial help to individuals and families without the benefit of health insurance and limited financial resources. Thanks to private donations and funding from cities and towns we are able to offer discounts on our clinical services for people who meet the eligibility guidelines of the Agency's Financial Assistance program.

At the time of registration as a new client to the Agency and anytime during the delivery of services as the situation warrants, a client may apply for financial assistance if any application for Medicaid assistance has been completed.

The client is responsible for paying for all services incurred prior to the approval of a financial assistance application.

A financial assistance application must be updated by the client as their financial circumstances change but, at a minimum every six months.

HOW TO OBTAIN A FINANCIAL ASSISTANCE APPLICATION

You may obtain a financial assistance application by calling (603) 448-0126 Option 4. Applications can also be downloaded at wcbh.org/for-patients/financial-assistance.

WHAT YOU WILL NEED TO PROVIDE WITH YOUR FINANCIAL ASSISTANCE APPLICATION

- Complete 1040 tax return accompanied by the applicable W-2 forms for the previous calendar year.
- Unemployment compensation determination letter.
- Four current and consecutive pay stubs from all employers
- Copy of your social security check, pension check or yearly determination letter if you are retired.
- Worker's compensation determination letter or a copy of your worker's compensation check.

All Applications must be accompanied by proof of an application for Medicaid benefits.

You will be notified in writing via US Mail as to whether your application was approved or denied. If you have an email on file, you will be notified, in writing, via your email link.
